Re: FCC ID: 2AIKAC41503716

To Whom It May Concern:

The following application is submitted on behalf of our client, European American Armory, for evaluation of their model SIM5320AD for class II permissive change under FCC Part 22 Subpart H and Part 24 Subpart E.

The European American Armory, Model SIM5320AD, is a cellular module.

The purpose of this class II permissive change is to add SAR to the grant.

The SIM5320AD was evaluated against simultaneous transmitter co-location and SAR requirements. The SIM5320AD was found to be in compliance to the requirements.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
